HEALTH & SAFETY PROTOCOLS

Medical/Sickness Policy:

If your child shows signs of illness requiring them to be picked up, an authorized person must do so within 90 minutes or less. To receive a copy of our Medical/Sickness Policy, please see your campus administration.

Clear Blue Germicidal Lighting Systems:

All campuses are equipped with Clear Blue Germicidal Lighting Systems that clean the air more effectively than ordinary air filters and have a destructive effect on microorganisms and harmful pathogens.

Disinfectant Foggers:

All campuses are fogged as needed for outbreaks and to prevent or control diseases. This is always done after hours of operation.

Training Modules:

All staff are required to complete a total of 11 hours of health and safety training each year which includes preventing transmission methods, protocols for cleaning, introduction to disinfectant products and proper hand hygiene...to name a few.

3rd Party Services:

3rd party extracurricular services are required to adhere to our Health and Safety Protocols.

Gloves:

The use of gloves when diapering, assisting with toilet use, and when serving or handling food.
